

# Alla scoperta dei vertebrati!

# **Chi sono i vertebrati?**

**I vertebrati sono tutti gli  
esseri viventi che  
possiedono uno scheletro  
interno...**

**Come loro!!**

Se chi è vertebrato possiede uno scheletro e quindi delle ossa, chi tra questi simpatici amici può essere definito vertebrato?

Con una matita fai un cerchio intorno all'immagine di chi pensi faccia parte della famiglia dei vertebrati...  
...alla fine del gioco troverai le soluzioni!

Coniglio

Pesce

Fragola

Lombrico

Koala

**Aragosta**

**Gallina con pulcini**

**Medusa**

**Fungo**

**Bradipo**

**Pulcinella di mare**

**Ippopotamo**

**Formica**

**Polpo**

**Salmone**

**Gufo**

**Farfalla**

**Granchio**

**Delfino**

**Cocomero**

**Rinoceronte**

**Picchio**

**Bambino**

**Canguro**

**Pavone**

**Squalo**
